## THE CYCLING RANGE

### THE AUTUMN / WINTER JERSEY

This full sleeve jersey is made from a thicker heavier fabric that is perfect for autumn and winter riding. The fabric is designed to prevent wind chill reaching the rider and thus enabling more enjoyable riding. Not to be confused with the winter riding jacket, this is still very much a jersey and comes with all the popular features:

#### FEATURES

- Full Sleeve Multi panel construction
- Windproof
- Reflective Trim
- Three pockets to reverse and one zipped valuables pocket
- Concealed Zipper and full closure tuck-away tab
- Staggered Silicone Gripper
- YKK Zips & accessories
- Full Custom Branding Options
- Sublimation Printing & Pantone matching

### THE SOFT-SHELL WINTER RIDING JACKET

Designed purely to keep the rider warm and the cold out, this soft-shell jacket is an essential for British winter riding. The jacket is made from soft fleece lined fabric that insulates as well as breathes, and also acts as a water-resistant barrier. The jacket is designed to be worn over the jersey and with a slim fit cut will not add uncomfortable mass to the rider. This jacket is fully customisable with your branding.

#### FEATURES

- Full Sleeve Multi panel construction
- Windproof & Water Resistant
- Reflective Trim
- Three pockets to reverse and one zipped valuables pocket
- Concealed Zipper and full closure tuck-away tab
- Staggered Silicone Gripper
- YKK Zips & accessories
- Full Custom Branding Options
- Sublimation Printing & Pantone matching
